## AMUSEMENTS

### GRAND

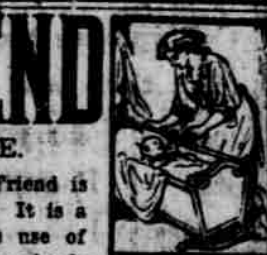

Monday and Tuesday nights with the new show and the Roosevelt pictures drew big houses. Tonight in addition to the regular performance and the new pictures, there will be the big chorus girls' contest for the gold prize. This is the third time this feature has been put on, and the enthusiasm and rivalry is at fever heat. Many new novelties will be seen for the first time, and one big feature will be presented that was never seen before nor ever will be seen again. Thursday another of Jimmie Lee's big eastern successes, "The Man From Nogales," will be presented for the first time. This is a

## MOTHER'S FRIEND

A LINIMENT FOR EXTERNAL USE.

One of the most valuable qualities of Mother's Friend is that it safeguards the future health of the mother. It is a liniment to be applied externally to the body, the use of which lubricates the muscles and tendons, softens the glands and ducts, prevents lumps forming in the breasts, and relieves the pain, nervousness, nausea, and other troubles from which so many expectant mothers suffer. When Mother's Friend is used regularly it fits and prepares the system for an easy and natural consummation of the term. Women who massage with this great liniment are always saved much suffering when baby comes, and recover more quickly, and without ill effects. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.

THE BRADFIELD CO., ATLANTA, GA.

guaranteed attraction. Remember the big dance Friday night.

### COLISEUM

Last night both performances were witnessed by crowded houses, and all three numbers were well received and proved to be very interesting. The Coles, presenting a high class acrobatic and tumbling act, received several encores, and proved themselves far above the average acrobatic turn, and Joseph D. Carroll made quite a hit in his monologues, as he did in his songs and his clever dancing. The closing number, the Rebohos, in a novelty singing, whistling and baton swinging turn, closing with a very clever wooden shoe dance, closed an excellent vaudeville bill. There were some excellent pictures given in the usual first class manner shown in this house. The Coliseum makes a specialty of its picture program, which consists of three thousand feet of pictures changed every other night, and also features its musical program, consisting of the very best musicians in their line in the city.

### NEW AIRDOME

At the new airdome, where happens everything best in vaudeville, the Dunbar Duo opened a week's engagement last evening that promises to be the most captivating and pleasing act seen in Phoenix this season. A capacity-filling audience witnessed the act of these clever youngsters and from the frequent applause there can be no doubt that a decided hit was made. Particularly pleasing was the singing and dancing of La Petite Norma, who can rightfully be described as a bandbox edition of Eva Tanguay. The other acts on the bill were very attractive and the pictures are up to the usual high class of the popular playhouse.

### RECORD OF TRANSFERS.

As Reported by the Arizona Abstract & Title Company, 134 West Washington Street.

Suburban Realty Co. to R. L. Wright and wife, deed, lots 9 and 10, Amended Homestead tract.

Valley bank to W. E. Cavness, deed, lot 13, block 1, Christy Acres.

## LARGEST ORDER YET FOR MINING PATENTS

Mining Business in Arizona Seems to Be Enjoying a Boom.

As has been heretofore mentioned this is the dull season in the office of United States Surveyor General Ingalls. Nevertheless the office is doing more business than ever. The receipts for the last quarter equalled one-half of the annual receipts for the average year since General Ingalls has been in office, and yesterday was received the largest application for mining patents that has come into the office for many years, perhaps since its very beginning. The application was made by the Arizona and Nevada Copper Mining company for the survey of the Bagdad Extension and sixty-one other mining claims in the Eureka district of Yavapai county. It is generally estimated that the largest cost of patenting a claim is about \$250, which would bring the total expenditure on this order up to some where in the neighborhood of \$15,000, these figures of course being only approximated. In a rough way also it is estimated that the office work in connection with this order would keep one clerk busy for a year, though of course the surveyor general does not expect to be a year in turning out the job. Application has been made to the department for an increase of the clerical force, and if business continues to increase when the busy season comes, as it has in other years, 1910 will break all records for the issuing of mining

patents. If the activity in mining can be judged at all by the increase in the demand for patents, it may truthfully be said that Arizona is right now in the midst of a mining boom, whether the fact is appreciated or not.

The Dunbar Duo, the classiest juvenile act in vaudeville, singing, talking and dancing, featuring La Petite Norma, a bandbox edition of Eva Tanguay. At the New Airdome nightly.

All Grocers sell Sopade.

### RAPID TRANSIT

Hiram-Joshua bet Siras a dollar that he would pick up a hornet and carry it across the street.

Siras—Which won?

Hiram—Well, Joshua got across with the hornet, but Siras argues that the hornet lifted him about 20 feet of the way.
